POSITION OF RESPONSIBILITY

- ❖ Project Coordinator | Environment & Sustainability, FUEL College (April 2026)
 - Conducted a community awareness campaign on plastic pollution and sustainable living practices.
 - Surveyed 25+ local residents and shopkeepers to analyze plastic usage patterns and awareness levels.
 - Organized awareness drives, poster displays, and public interactions to promote eco-friendly alternatives such as cloth and paper bags.
 - Collected and analysed primary data through questionnaires, observations, and direct community engagement.

- Encouraged behavioural change toward reducing single-use plastics and adopting environmentally responsible habits.
- Collaborated with local stakeholders to support environmental sustainability initiatives and community participation.

ACHIEVEMENTS / HOBBIES

- ❖ First Rank in the Commerce Stream in Higher Secondary Education (Class 12).
- ❖ Successfully led the Plastic-Free Youth Movement Community Engagement Project.
- ❖ Built responsive web development projects and a personal portfolio website.
- ❖ Actively learning Python, Java, Machine Learning, and Data Analytics.
- ❖ Passionate about Coding, AI/ML, and Responsive Web Development.
